It's frozen pipes season

This discount helps prevent the mess and stress of water damage

We've seen the damage done by burst pipes. It's not pretty. Ruined floors, ceilings and walls. Lost mementos and irreplaceables. And an average claim cost of more than \$10,000.*

You can help minimize that damage for your customers

Just tell them about this valuable discount. With our Connected Home program, eligible policyholders can get a premium discount for buying and installing a smart water sensor.

Sensors alert homeowners the moment something goes wrong; some even shut off the water supply. Because the sooner a leak is detected, the sooner it can be contained—potentially saving thousands of dollars.
