

CSP Ads - Website Age-Gating Process

INTRO:

- Bidi Vapor stands firm against underage use of vapor products.
- Bidi Vapor ensures that no one below the age of 21 can get their hands on the Bidi Sticks.

SELLING POINTS:

- How do we do it?
 - Through our robust age-gating measures that can restrict underage access to the Bidi Stick.
 - Before customers can enter our website, they need to provide their birthdate on the age-gating pop-up message first.
 - We are also requiring the customers to provide a government-issued identification card indicating their age and other relevant information upon purchase to ensure everyone who purchases Bidi Stick is of legal age.
 - We employed AgeChecker.net to match your provided information across multiple databases and local data networks. If the information provided cannot be verified, we will put the transaction on hold until a customer service representative contacts the customer and verifies the information.
 - Our customer service personnel will also contact the customer within 24 hours of purchase to further verify the legitimacy of the transaction.
