

"WILD, RAW, TIMELESS AND SUSTAINABLE" – NEW LUXURY VINTAGE PLATFORM LAUNCHED

Archive Closet curates rare, pre-loved designer pieces bringing glamour back to Ibiza

Ibiza, Spain – 16 November 2020 – Archive Closet launched this week, an exclusive online platform for one-of-a-kind vintage designer clothes from all over the world, based out of Ibiza. Rare, eclectic gems from Dior, Versace, Christian Lacroix, Issey Miyake, Missoni and more are featured on the online platform, which have been authenticated with great detail and care.

The brand shot its first campaign in July this year, and is excited to finally reveal the results. Sabrina Sari, the founder and owner of Archive Closet, says:

“We shot our first campaign on some hidden beaches of the White Island, which perfectly represents the core and vision of Archive Closet: Wild, raw, timeless and sustainable. Every capsule will be shot in a location that is close to my heart, always reflecting a story through the styling, the art direction, the selection and of course the special places.”

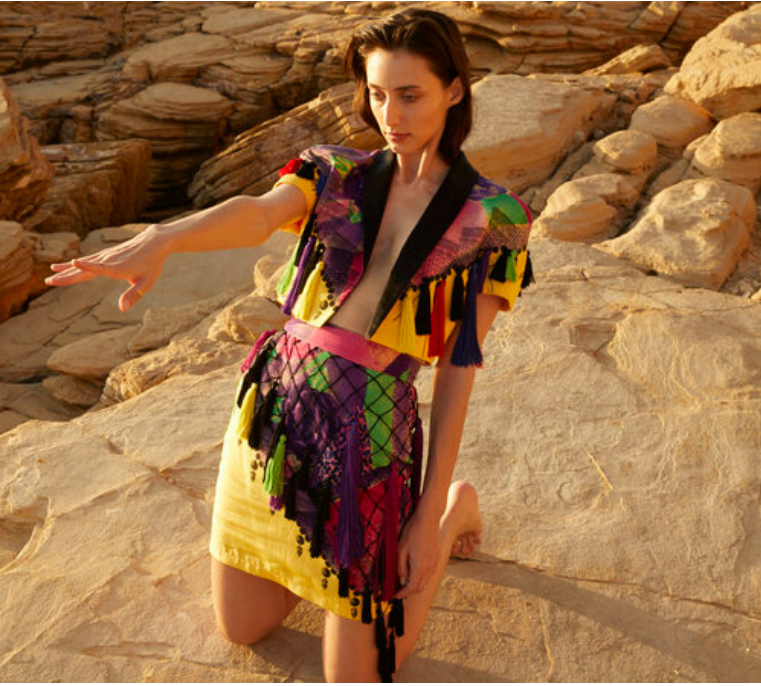

She created Archive Closet to honor the strong women in her family, who have been the main source of her inspiration and passion for the golden days, and for her continuous travels in the pursuit of rare gems. Sabrina runs Archive Closet online, along with a small, exclusive showroom by appointment only, with plans of setting up pop-ups all over the world in the future.

Archive Closet is eclectic and effortlessly glamorous, with a focus on a timeless quality of raw materials, prints and shapes.

For press enquiries and hi-res images please contact showroom@archive-closet.com, or call (+33) 769 037 233.
