Owners and Operators

Mission Statement

To exemplify our commitment to excellence through the attention we give to safety and the care we show to our customers, while ensuring they reach their destination on time, every time.

Value Statement

We value human life and the gift of family that comes from God. We feel that as we serve our customers with excellence, we therefore serve God with excellence.

About Us

Sisters Transport Services (STS) was founded to provide alternative transportation to school systems, as well as transportation for vocational rehabilitation, and transitional programs. We utilize smaller-scale vehicles, e.g. sedans and SUVs, in order to provide more individualized transportation options and to ensure a low carbon footprint for our clients.

Why Do You Need Us?

We understand that the goal of school districts is to meet the needs of every child. However, traditional school transportation is not always the most cost-effective way to achieve that goal. This is where we can help. Our owners have over four years of experience providing cost-effective transportation to school districts and other agencies.

Students that benefit from our services include but are not limited to:

- 📍 Exceptional students that require individual transportation due to behavioral difficulties, sensory sensitivities, etc.
- 📍 Exceptional students that require transportation to multiple sites throughout the school day.
- 📍 Students eligible for rights under the McKinney Vento Homeless Education Assistance Act who live outside of their school's attendance zone.

We are your transportation solution.

Our Rates

Our rates are based on a per-mile basis. Mileage will be logged from the first pick-up to the last drop-off. When transporting students out of district who are eligible for McKinney Vento, mileage will begin from the driver's starting point.

Base Price*	\$2.10 per mile
Minimum trip charge	7 miles
No-show charge**	Regular rate

*Base price subject to change

**A “No-Show” charge applies when STS is not informed when there is a change in a student’s schedule or when there is failure to notify STS that a student does not need to be picked up. STS will provide telephone contact information to all school personnel and to all parents. Parents are asked to notify STS the night before if their child will not be attending school in the morning. School personnel are asked to notify STS at least 2 hours before pick-up time if there is a change in the student's schedule throughout the school day. Failure to notify STS will result in a regular fee charge.
