The Best Show of all Times

Imagine a show that will keep you guessing and wanting more, a television show with twisted plots and mind-blowing action. The hit series *The Originals* is all that, and some. When it comes to *The Originals*, no one will be able to stay in their seat. It is an all-time favorite, including mines. Its' dedication to family, the fight scenes and the supernatural characters is why *The Originals* is my favorite tv show.

Family is one of the main themes of this show. The Mikaelson family bond is like no other. It is unbreakable. That is what make me enjoy *The Originals*, so much. The siblings will literally tear your head from your body, in 0.5 seconds. It is best to stay on their good side, better yet do not make them mad at all. Sure, it is ages of fighting and bickering upon them, but they always have each other back. *Always and Forever*, as they say.

Another, the fight scenes are literally to die for, which are my most favorite parts. All the bloodshed and slaying throughout the show makes my hairs standup out of my body. Klaus, one of the Mikaelson's brothers, is no match for no one. He is an insanelly, blood sucking, bad tempered, hybrid that will your snap your neck or dagger you in a blink of an eye. I just love his character. Vervain darts, wooden stakes, daggers, and witch spells are all weapons of choice. Let us not forget about the white oak ash stake. It is the one weapon that can kill any vampire, even an *original*. I think it is safe to say, the fights scenes will have your eyes glued to this television show, as it does mines.

Okay! Let us forget about the vampires for a moment. *The Originals*, also, has supernatural characters that will have anybody begging for more. That is right! Expect to see a coven of witches, a pack of were wolves, and even hybrids. The witches, which is my favorite

supernatural of them all, have spells that go back generations. Can you imagine all the drama and bloodshed, among them all, or should I say smell it?

Clearly, *The Originals* is an all-time favorite show, especially mine. I spent many nights binge-watching and even replaying many episodes in my head. I literally laid awake at night and dreamed about all its twisted plots. Its dedication to family is to long for. Its fight scenes are to die for. The supernatural characters are what every television show needs. This show is beyond awesome. It is extravagant! Now go find your friends, sisters, and brothers. Grab some popcorn and be prepared to be blown away.
