

SEVEN & CO  
IN

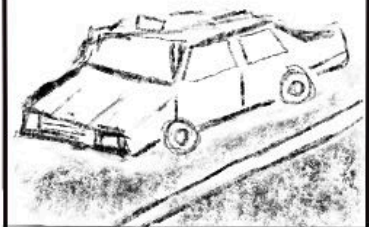

# NEW YORK

Seven and Co landed in New York City with  
one mission: save their company

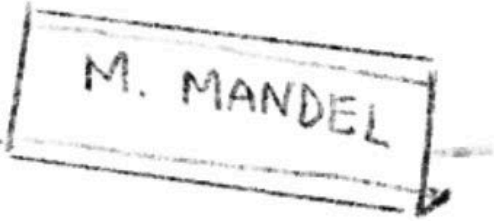

But first

They had to try the  
renowned NYC pizza...

Then, they headed to the office of the only person that could help them

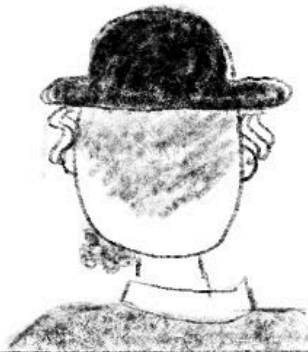

As you can see Mr.Mandel, our company back in Bolivia needs material to function

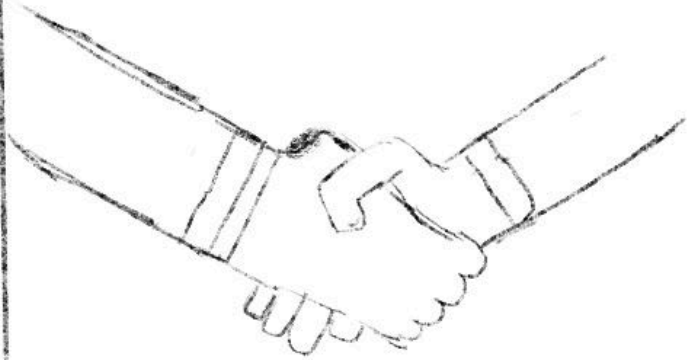

We need..

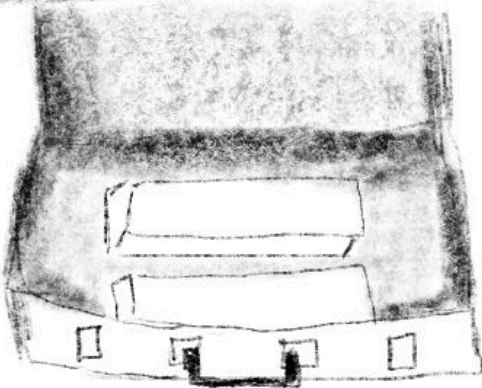

**GOLD**

After 2 hours they had a deal.

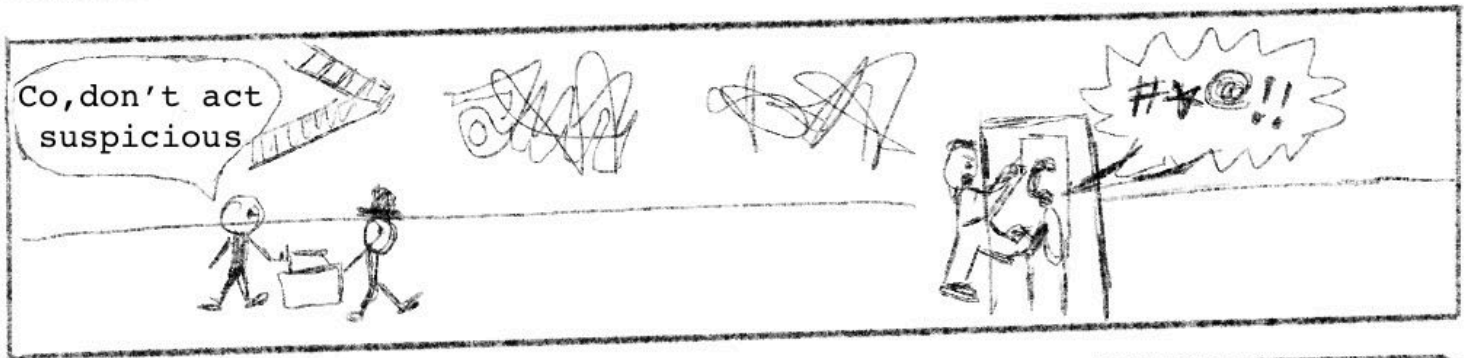

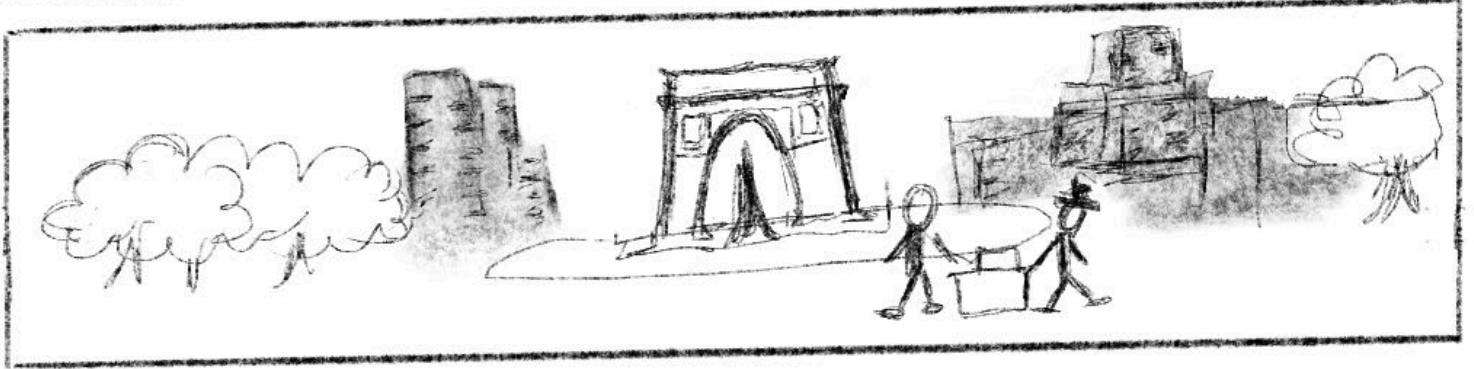

Seven and Co would take 2 gold bars and include Mr.Mandel's designs in the jewelry they would produce

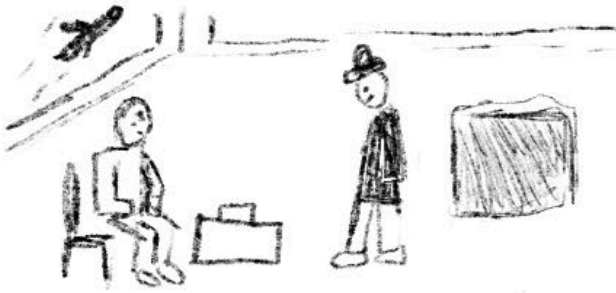

And just like that 2 gold bars were left in the hands of 2 men unfamiliar to the city and language

Is it a bad time to go to the bathroom?

After getting help and struggling with some New York humor they got to the airport

Co even had time to buy..

What is that?

This is my **BATCAVE!**

Batman's new edition, with 5 floors, 2 hidden spots and..

Co! There is no way they'll let you take **that** on the plane

Yes they will!  
I am not going back without it

**Sir, STOP**

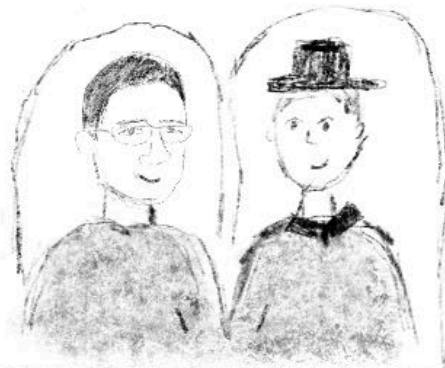

My **BATCAVE**, it comes with..

5 floors! 2 hidden spots! Batman's newest edition!

I thought it was sold out!

This city is so weird..

Surprisingly, 2 men, 2 gold bars, 1 **BATCAVE** made it home safe
