## Closet Doors

### Professional Closet Door Installation & Remodeling

It's easy to give your home interior an upgrade with new closet doors. Coastal Closets offers a wide variety of folding, sliding and mirrored closet doors. Hide the inside of your closet in style, adding elegance to the functional nature of doors, and bring a new look to your room!

- Choose from various styles, including swing doors, by-pass doors and bi-fold doors.
- Find the perfect color and design to match the room.
- Replace broken door tracks and/or upgrade to the latest products.
- Optionally transition from bottom-track design to a top-hung door system.
- Save on closet products with affordable pricing from our manufacturers.

#### Give Your Room a Gorgeous New Look

Have you seen the new design choices in closet doors lately? If your doors are old and outdated, you may love what a new design can do for your home. The room will look new and you'll feel better inside it!

Mirrored closet doors offer a classic way to make a room feel bigger while providing a great practical use when you're getting ready in the morning. Coastal Closets can show you a variety of mirrored door options and help you select the best product for your room. Then we'll send out our [expert installers \(/\)](#) to make sure the product is installed correctly.

#### Remodel the Entire Closet Space

Why stop at doors? If you're looking to update your room's look and function, consider remodeling the entire closet after you choose your new doors. Coastal Closets specializes in creating [custom storage solutions \(/custom-closets/\)](#) for any closet space, no matter the design or layout.

#### We specialize in custom closets for bedrooms, pantries, laundry

rooms, hallways and more. Check out some of our projects, then [contact us today!](#) We are proud of the work we do, and we're looking forward to showing you why during your free in-home consultation. Give us a call today at [\(604\) 373-4865 \(tel:+16043734865\)](tel:6043734865) or fill out our online [contact form \(/contact-us/\)](#) to get started!
