Full Roof Replacement

Full Roof Replacement Services for Metal & Flat Roofing

Texas Elite Metal Roofing does our best to restore existing roofing systems whenever possible, but if our inspection results show that a full roof replacement is needed, we can provide that service too. We install top-quality roofing products for commercial roof replacement projects. Customers throughout Texas have relied on our expertise to ensure their roof replacement is done carefully and correctly. In the end, every roof we install turns out to be beautiful and durable. Contact us today for more information.

Trust Our Roof Restoration Specialists for Your Replacement

When we replace the roof on your commercial property, you can have peace of mind knowing that every component of the roof will be restored properly. A high-quality roof replacement doesn't end with just the basic replacement of the main roofing material, whether it's metal panels or a flat roofing system.

Our full roof replacement service ensures that your entire roofing system is brought back to new condition. We'll restore everything including:

- Roof deck
- Flashing
- Fascia & soffits
- Ridge vents
- Vent pipes
- Chimney
- SkylightsRoof coating

Skylight Repair & Replacement Solutions

Do you have a skylight that's in disrepair? We restore leaking or dim skylights from water damage and provide up to 80% more natural light indoors.

During your roof replacement (/services/), Texas Elite Metal Roofing is able to replace any skylights as part of the project. This gives you a seamless, cost-effective experience for your full roof replacement.
