PREMIER SAN FRANCISCO BAY AREA DESIGN & BUILD FIRM

Full Home Remodeling Design-Build Services

Have your needs changed since you moved into your home? SEA Construction can help. We serve as a premier design-build contractor for full home remodeling services in the San Francisco Bay area. Specializing in high-end remodels and custom additions, our expert teams of designers and builders will transform your existing home into the updated space you need for your renewed way of life.

Our turnkey services will give you a smooth, enjoyable experience from start to finish. Share your ideas with us to learn more about how we can reimagine and improve the home you already love.

Your Imagination Is the Limit

SEA Construction has the expertise to completely recreate the interior of your home. We're able to redesign the layout of any room or space, update cabinets, flooring, appliances and all other components, and provide any additions desired. Part of your full home remodeling project might include, for example, finishing a basement or garage, building an extra bathroom, or expanding an existing room.

Why Homeowners Work With SEA Construction

Our company was founded to serve as a single source for premium home remodeling services. We are a full-service design-build contractor that handles the entire project for you, from the initial designs and permits to the final construction and inspections. This process offers a smooth, optimized remodeling experience that allows you to take advantage of budgeting and workflow efficiencies you can't achieve with more traditional, piecemeal contracting methods. Our clients get to enjoy a fun and seamless remodel that has led to stellar reviews for our company.

Ready to Design Your Custom Home?

The team at SEA Construction would be delighted to help you update your home to suit your modern lifestyle. As the premier full home remodeling contractor offering design-build services in the Bay Area, we're ready to bring your dream home to life. If you would like to discuss a project or you have an inquiry about our custom design-build services, contact our team today.

OUR REVIEWS

What Our Clients Are Saying

SEA team is very organized and professional. Their project plan and timeline tracked well against actual progress. Their design team was very good as well and provided great input on big and small items throughout the entire process.
