

# Visionary leaders recognize untapped potential.

At Immerse, we want to build a broad, reliable pathway to healing that disrupts the cycles of generational trauma and poverty afflicting Arkansas' most vulnerable youth so they can rewrite the script for their own families and shine to new generations as examples of what's possible.

As we work to forge that path, we're blessed to have strong, passionate leaders lighting the way.

## CONGRATULATIONS, STEPHANIE!

Thank you for seeing the potential in every youth from crisis, and for your dedication to helping them transform into overcomers. The Immerse team is proud to serve with you!
