### **SUPREMELY STRONG MAGNETIC WALLET**

Each of our iPhone MagSafe wallets is designed with ultra-strong magnetic layers for ease of use and security. Once it arrives, you can easily snap the wallet onto the back of your phone. As a bonus, it's just as easy to remove this portable wallet case. Our magnetic credit card wallets never budge once installed onto the back of your iPhone. Enjoy peace of mind and less stress with a convenient, compact wallet right on your phone!

### **PORTABLE CARD HOLDER WITH RFID BLOCKING**

Brookmonds Limited iPhone MagSafe wallets are manufactured with multi-layered protective technology. In today's world of hacking and microchips, it's critical to protect your credit card and banking information. Once you place your cards in this wallet, you can rest assured that you're protected. Every wallet includes leather, magnet, stainless steel shrapnel, and RFID blocking layers for maximum protection. Your financial safety and security are the inspiration behind our iPhone MagSafe Wallets.

### **LIGHTWEIGHT AND EASY TO USE**

Traditional wallets and purses are a hassle to carry around every day. Our portable iPhone wallet is lightweight and compact while holding up to two credit cards. This stylish leather wallet can also be used to store cash, an ID, or a license if needed. To ensure it doesn't add bulk to your iPhone, this wallet is only 0.16 inches thick. Keeping your necessities close by has never been easier than with this ultra-slim iPhone MagSafe Wallet!
