Dave and Niki Ohmer, the founders of Seek Beer Company, fell in love with San Diego after visiting regularly. It wasn't long before they realized life's too short not to follow your dreams. The Ohmers relocated to San Diego to begin their newest adventure, Seek Beer Company.

Dave started his brewing career in Knoxville, Tennessee. In Knoxville, he spent twelve years learning the craft of beer brewing. Dave then went on to run Whole Foods Markets' first brewery in Houston, Texas. From there, Dave opened and operated the Urban South Breweries Houston location. As the former head brewer and general manager at Urban South Brewery HTX, Dave brings a wealth of knowledge to the San Diego craft beer scene. Dave and Niki Ohmer embrace this new adventure and look forward to serving tasty craft brews in North Park.

Seek Beer Company will be opening its doors in the **spring** of 2022.
