

Move Over for Colourette's New Makeup Remover

Local beauty brand Colourette Cosmetics launches its very own Everyday Colourette Makeup Remover. With this new addition to your holy grail, Colourette's motto of 'Beauty in all ways' rings true whether dressing up or dressing down.

MANILA- Known for the versatility and quality of their famous Colourtints and Coloursnaps, Colourette Cosmetics' latest product is consistent in its simple and straightforward approach to your everyday makeup remover.

What started as a humble beauty brand primarily focused on producing multi-use products has turned into a staple in the routines of many Modern Filipinas. After their last launch of the Colourbalm as part of their new Everyday Colourette line comes the Everyday Colourette Makeup Remover. Like with all their products, this remover was made with the Filipino in mind. Tailored to be a perfect fit in anyone's skincare regime, this remover leaves your skin feeling soft, clean, and moisturized.

The Everyday Colourette Makeup Remover contains only the best ingredients to effectively dissolve all products (as well as all the dirt and grime from the day!) while simultaneously cleansing every pore. The makeup remover is an oil-based balm, gentle and cool on the skin but minus the greasy residue other oil-based removers tend to leave. It doesn't require the use of wipes or cotton pads and is simply massaged onto the skin allowing for a relaxing yet deep clean. All you need to do is massage the balm onto your skin, wipe away, and you're good to go!

Made to suit all skin types and fit for removing even the heaviest coverage of makeup, the Everyday Colourette Makeup Remover is an absolute dream. Alcohol and fragrance-free, the remover only contains the most necessary ingredients to leave your skin feeling its best and as healthy as it can be. From starting your day with Colourtints to ending them with the Everyday Colourette Makeup Remover, Colourette is with you Boss Babes for beauty inside and out, all day, and in all ways.

Shop the Everyday Colourette Makeup Remover now available on Lazada, Shopee, BeautyMNL, Watsons, and colourettec cosmetics.com.
