

Email #1: Subject - How To Best Support Our Lesbian Film Project

Hi %%firstname%%,

We want to let you know how thankful we are for your generous donation to the "Free Beer Tomorrow" documentary fundraiser. Your donation means the world to us and brings us one step closer to doing this incredible film justice.

But our journey is just beginning, and we need your help to make sure we hit our "All or Nothing" goal by October 22nd on Kickstarter.

Please spread the word about "Free Beer Tomorrow" on your social networks. By sharing the link to our fundraiser, you can inspire others to contribute to this important cause. Every share has the potential to reach someone who might be passionate about preserving lesbian history.

Did you know that if just 2500 people donated \$38 each, we'd reach our goal? Between all of our circles, there must be at least 2500 lesbians and fantastic allies out there just waiting to make this happen.
