

## About us

What started as a solo project back in 2016 is now a team of 10+ dedicated professionals. Each one of us has a story of our own, and we believe our personal journeys reflect in our photography. The conjunction of our journeys and your journey is what separates us from the crowd because we are not just professionals at our job, but a bunch of passionate storytellers, weaving stories out of your special days and our love for photography.

Our team is based out of Delhi and Faridabad, and we cover projects from Delhi, Delhi NCR, and adjacent states. Our love for photography takes us to many places, and our multifarious experiences find a reflection in the way we capture moments of your special day.

We do more than wedding photography: we capture moments that tell a story, one you can look back at years from now. We shoot at other occasions that deserve as much care, like birthday parties, pre-wedding shoots, and more. On top of that, as photographers, we delve into the nuances and technicalities in our fashion photoshoots and personal portfolio shoots. Contact us today to book the best photographers of Delhi NCR.

It gives us immense satisfaction and humility to realize that our work has made an impact on our clients. Over years, as we have learned and progressed, we have garnered praises and compliments for our work, all of which is visible in our listing on Google. Our customers have made us the best wedding and pre-wedding photographers in Delhi NCR.

The love and support from our clients keep us grounded, and we keep learning and delivering better and better.

Looking forward to weaving stories with you.

With Love

Team Aperture Gear
