Chance the Rapper is making a name for himself in the music industry, but his style is something to keep an eye on. His major statement pieces from denim jackets, black jeans, baseball caps, and his love for overalls are simple, which can be worn during any occasion.

Denim Jacket

A denim jacket is a perfect outer layer and is versatile. Find a denim jacket with an embroidered symbol or customize your own to stand out.

Black Jeans

Black jeans are a classic piece and can be worn on any occasion. A dark wash skinny jeans with Chance's well-known "3" baseball cap and a white t-shirt is a must outfit.

Baseball Cap

Summer is just around the corner and baseball caps are coming out to shine. Everywhere you see Chance perform in concert or during his television performances, the signature “3” hat is present.

Overall

His signature outfit is the overalls. He's bringing back the overalls and making them cool again to wear. Chance doesn't just stick to the simple denim overalls but has been known to wear red, black, and khaki colors.

White T-shirt

You can never go wrong with a white t-shirt and layered with any other clothing article. One of Chance's well-known outfits starts with this piece and you can pair it with a denim jacket and black jeans.
