

SANCTUARIES AT SEA

DISCOVER SUITES AND STATEROOMS THAT ARE SO MUCH MORE THAN A PLACE TO LAY YOUR HEAD.

On a Celebrity cruise, luxury is the standard. When it comes to accommodations, that means onboard private retreats with the contemporary feel of a boutique hotel. The suites and staterooms are statements in design, decor, and craftsmanship, and more importantly, they enhance the cruise vacation thanks to new services, amenities, and exclusive events that accompany each class.

Celebrity Cruises has grouped these onboard escapes-within-an-escape into a three-tiered program chock-full of special treatments and luxurious perks. Suite Class is the star of the set offering a world full of pampering—think butler service and exclusive access to restaurants and private clubs. AquaClass guests are treated to spa-inspired staterooms with unlimited access to the Persian Garden. And in Concierge Class staterooms, guests enjoy a dedicated concierge who takes care of every vacation need.

SUITE CLASS

The debut of Celebrity's Suite Class announced to the world that this top tier would be about so much more than a spec-list of suite amenities. It is, in fact, an all-encompassing program that infuses the vacation with more touches of modern luxury than ever before, creating a cruise experience unlike any other.

Celebrity invites Suite Class guests to make themselves at home in a private world of pampering, complete with a personal butler. As the only premium large cruise line to offer this extra, the private butler service in the Reflection, Penthouse, Royal, Signature, Celebrity, and Sky suites delivers a completely indulgent experience.

The exclusivity of a dedicated private restaurant, reserved for suite guests morning, noon, and night, impresses even the most discerning traveler. At Luminae, each meal features sumptuous dishes available nowhere else on board, and the menus are designed to epitomize the essence of modern luxury, incorporating the freshest ingredients available.

There's also a dedicated Suite Class chef who blends old and new world techniques for a tailor-made dining journey, catering dishes to personal tastes while a Master Sommelier selects from more than 450 wines to provide the perfect pairing.

A private, premium experience at Michael's Club also awaits Suite Class guests. The luxurious venue features a large-screen TV and complimentary before-dinner drinks with tapas served from 5 to 8 p.m. daily. Michael's Club is accessible 24 hours a day.

And finally, look for a dedicated concierge to arrange shore excursions, specialty dining, and handle inquiries about the various ports of call.

CONCIERGE CLASS

Concierge Class elevates the vacation experience with special touches like early boarding, a Concierge Class Welcome Aboard Lunch, pillow menu customized to sleeping preferences, nightly hors d'oeuvres, and a pre-departure area. And the signature feature of the newly expanded experience includes a dedicated concierge that serves as a personal planner and culinary matchmaker.

“Our newly reimagined Concierge Class experience is a personal retreat like no other,” said Brian Abel, vice president of hotel operations. “We know that guests are looking for a

personalized vacation and for every detail to be taken care of, so our newly enhanced experience is designed to deliver everything a discerning traveler desires in a vacation—from the moment they check in to the journey home. All of the onboard team plus the dedicated concierge are available to assist guests in whatever they need.”
