Instructions on Opening Outfar10.com to the Articles and Artwork

Upon opening Outfar10.com look to the upper right corner and you will see three lines stacked upon each other. Click on the three lines and it will open Outfar10 to the articles and the artwork. Click on any category that is of interest to you. Many such categories provide a summary of each of the included articles. Scroll down and click on any of the articles or artwork and it will open. The material presented in Outfar10 can be printed or downloaded. See the print and download icons located to the top right once an article or artwork is opened

I would appreciate your feedback, be happy to dialogue with you and/or answer any questions that you have as a result of engaging within Outfar10.
