LUBAT
Roadmap

MAIN COMPONENTS

Lubat Art NFT
Lubat art NFT is available for collecting. The NFT art seies include King, Queen, Wizard and Warrior Lubats. Each attribute defines the art NFT appearance.

Collect & Reward
Game players can collect & use Lubat NFT in the game marketplace. When a new Lubat is born, its corresponding NFT token is minted & available in the marketplace.

Lubat Game
Lubat is a free play-to-earn NFT game built on Solana, so that you can have fun and get rewarded. We've designed an economic model that allows players to start for free.

Incentives
Players can either trade their NFTs on the secondary market or keep them & compete them in collection competitions for Solana or in-game assets. Early NFT holders will be rewarded with in-game assets. Smart mechanisms will redistribute payments to our early supporters & NFT holders
