FREE AS A BIRD

We love the birdcage-esque effect of this freestanding light fitting, available in two sizes. It's made with wire and a metal base, and finished with black paint for a vintage look. Visible through the bars, the bulb creates an atmospheric, industrial ambience. Large Ava Floor Lamp in Black, £395, oliandgrace.co.uk

WELCOME TO THE IRON AGE

This chic, angled floor lamp with a rust metal finish is the epitome of urban elegance. It's crafted in cast iron and pressed steel by the team at Industrial By Design, who pride themselves on using raw materials to lovingly handmade their products. It's a style which lacks pretension, but that is visually appealing nonetheless. Industrial Angle Poise Floor Lamp, £200, notonthehighstreet.com
