

SUBJECT: Chardonnay Lovers, this Thirsty Thursday is for you!

Thirsty Thursday returns on **Thursday, July 20** when Alpine Hills welcomes [Flowers Vineyards & Winery](#) and [Rombauer Vineyards](#). This is a terrific opportunity for Chardonnay lovers to enjoy a side-by-side tasting of Chardonnay from the cooler climes of the Sonoma Coast and the sun-soaked vineyards of Napa Valley.

Flowers Vineyards & Winery

Flowers is known for their elegant Chardonnay and Pinot Noirs from the vineyards on the fog shrouded edge of the Sonoma Coast. The winery's Chardonnays are prized for their delicate minerality, focused acidity, and notes of lemon curd and gentle kaffir lime. Pinot Noir from Flowers have expressive profiles of spiced red cherry, coastal botanicals, and brambly, wild foraged berries.

All of Flowers' vineyards are organically and biodynamically farmed, which makes these wines the best of the best that the Sonoma Coast has to offer. Under the purview of winemaker Chantal Forthun, one of the most respected female winemakers in the US, Flowers continues to gain accolades from around the wine world.

Rombauer Vineyards

You can't talk about California Chardonnay without talking about Rombauer. This wine brand is beloved by sippers who can't get enough of the opulent, richly layered Chardonnay that sings with sweeping notes of oaky vanilla and luscious butter. The winery, which is still family-owned despite its incredible success, has been turning out some of the most popular Chardonnays in the US for almost 40 years.

In addition to its flagship Chardonnay wine, Rombauer also crafts silky Pinot Noirs, a crisp Sauvignon Blanc, and a classically-inspired California Zinfandel.

This Thirsty Thursday featuring Flowers Vineyards and Rombauer is one of the most highly anticipated events in the club's summer social calendar, so wine lovers, be sure to mark your calendars for a night of live music, food, and world-class wines
