

FLEET 101

*With Fleet 101,
you'll go from zero
to hero in 8 hours.*

**When you're new to fleet,
how will you develop your
superpowers?**

NAFA's Fleet 101 webinars!

There's so much to know in fleet – best practices in acquisition, the risk management process, which fuels are right, and how to select a telematics solution, for starters. Factor in the pace of change with how tough it is to get internal training and you will see that getting and staying on top is not easy.

Prepare yourself for the challenges ahead by watching NAFA's Fleet 101 Webinar Series.

Create a strong foundation in fleet basics taught by some of the best in the industry. The introductory session and seven discipline webinars are taught by industry experts who bring their personal experiences and valuable insights to the program.
