2022 ANNUAL APPEAL

Yampa Valley Medical Center Foundation

We often hear from our patients and their loved ones on how members of the UCHealth Yampa Valley Medical Center team have made an impact in their lives. This year, we would like to share a few stories of gratitude.

"Our local doctor told us how fortunate we were to have been under the care of staff and providers in the emergency department at YVMC in Steamboat Springs when our 12-year-old son began complaining of pain. Had it not been for their speed and kindness, a tech's willingness to stay late, the gentle touch of the nurses and everyone's collaborative teamwork, our son may not be here today."

"I've had a number of recent health care experiences at YVMC. The expert knowledge of medicine from the providers and staff who cared for me was equally matched with their compassion, acts of unexpected kindness, and ability to defuse my anxiety and nerves. I am so fortunate to live in a community where I have access to this level of care."
