HOLIDAYS IN BRAZIL

Brazil holidays transport you to a paradise of sunny beaches and bustling city streets. Its unrivalled diversity makes it a perfect choice for a romantic getaway or a solo adventure. In this tropical wonderland, you'll find some of some of the world's most breathtaking scenery and immersive cultural experiences.

Brazil is home to the Amazon rainforest, metropolises like Rio de Janeiro and quaint towns like Paraty on the "Green Coast." Chains like Marriot and Sheraton are found alongside local boutique accommodations, all offering international levels of amenities, cuisine and spa services. Couples will find much to admire in the postcard-perfect city centres before catching sunsets at the beach, while the legendary sights of the Amazon and Iguazú Falls will capture the hearts of adventurers and families alike.

UNFORGETTABLE EXPERIENCES

- Sunset at Copacabana beach
- Football at Rio's Maracanã Stadium
- Overnight stay in the Amazon
- Colonial towns with picturesque scenery
- World's most voluminous waterfall
- The Pantanal, World Heritage Site

At Hayes & Jarvis, we've spent over 65 years pairing travellers with unforgettable tailor-made experiences. Our inside knowledge means we can give you the expert advice you need to create your perfect holiday. Whether you want to be captivated by a beach sunset or trek your way through a natural utopia, we're here to help you build the journey.

Pair our Brazil holidays with Peru to see the magnificent Inca ruins at Machu Picchu, or head further south to marvel at the glaciers of Argentina in all their splendour. Be inspired by our Best of Brazil and the Amazon Tour, featuring stops in Rio and Salvador da Bahia, plus a two-day adventure through the rainforest. Alternatively, choose our Brazil and Argentina Multi Centre to head south for tango shows, aquatic wildlife and the humming streets of Buenos Aires.

THINGS TO DO

An Amazon Adventure
With such a diverse landscape and so many iconic sights, it's no wonder many travellers leave Brazil wanting more. The paradisiacal Amazon rainforest, often called the green lung of the earth, is a must-see for any nature lover. Take a boat ride along the Amazon River on your way to your jungle lodge, then delve into the forest to visit a local tribe or fish for piranha.

Christ the Redeemer
The world-famous Christ the Redeemer statue, known in Portuguese as Cristo Redentor, stands above Rio de Janeiro with arms outstretched at the top of the mountain of Corcovado. At nearly 100 feet tall, it's an unmissable sight for any stop in Rio. Take the funicular train to the top of Corcovado to get up close, then snap panoramic photos of the sprawling city below.

Iguazú Falls
Iguazú Falls lies at the convergence of Brazil, Argentina and Paraguay, creating one of the most

breathtaking natural wonders in this corner of the world. With over 270 separate cataracts plunging 80 metres into the river below, it is the most voluminous waterfall on the planet. For an unmatched experience, take a boat trip to the base and view it from both the Brazil and Argentina sides.

BEST TIME TO VISIT

You can book your holiday to Brazil year-round. The warmest months are November to March, with the rainy season usually lasting from December to February. From May to September, temperatures can dip to about 15° C in the colder areas but still climb to the mid-20s° C in places like Rio.

What's the weather like in Brazil from November to March?
During the warmer months, temperatures usually vary between 30° C to 40° C. The most humid month is October, when humidity levels can reach 80% in Rio de Janeiro. Even if you visit during the rainy season (December to February), you'll typically encounter short bursts of rain rather than all-day pouring, with plenty of sunshine in between.

Why visit Brazil from November to March?
- Long days at the beach with plenty of warm sunshine
- Picturesque scenes along the coastline and into the city centres
- Show-stopping Rio Carnival celebrations, usually held in February or March
- Low water levels for wildlife spotting
