## Work Experience

### Fox News

#### Virtual College Associate

May 2021 – Aug 2021

- Participate in daily production process of Fox News @ Night: planning editorial development, researching, newsgathering, script writing and identifying and editing compelling video
- Contribute to guest panels and news segments by conducting editorial research, pitching ideas, sourcing and clearing videos, and making creative and visually engaging graphics
- Assist in preparing and editing production resources to help producers and reporters tell stories
- Organize and analyze information for breaking news coverage, national and local stories
- Shadow production assistants and segment producers

### Beacon Project

#### Investigative Intern

May 2020 - Aug 2020

- Selected for highly competitive, award-winning program which was initiated to research the 2019 college admissions scandals within the administration
- Ran a personal investigative project focused on small town politics and unveiled the story of a city manager receiving huge payouts after resigning from his job
- Interacted with governmental officials, filed public record requests, and conducted data analysis as proof of the report Story ended up being published on LAist and received national exposure

### Annenberg Media

#### Television Executive Producer

Aug 2020 – May 2021

- Led production of live, 15-minute newscast called See It Live with weekly viewership of 300
- Developed stories and coordinated breaking news coverage
- Managed more than 30 reporters and producers in the production of multi-platform daily news content
- Supervised the team in ethics, diversity, and inclusiveness
- Instituted a new format using Adobe Premiere to upload the show on YouTube during the pandemic

#### Television Producer

Jan 2020 - May 2020

- Crafted newscasts as a live, 30-minute nightly show called ATVN News using creative elements to shape a narrative and design visually crisp stories
- Wrote teases, top of the show, VO scripts and breaking news copy for newscasts
- Prepared social media contents to promote the show and engage more audience
- Designed unique news segment integrating TikTok influencers
- Ran the live news show in the studio, coordinate live shots and back time
