

**Wave 1**

Subject line A: {{Company}} / Twin Eagles Partnership  
Subject line B: potential partnership, {{FirstName}}?

Hi {{FirstName}},

**Construction & Contracting**

When clients want {{Company}} to construct outdoor living spaces, can your connections provide you with the outdoor kitchen equipment needed to fulfill their requests?

With so much business at your door, you need products you know will meet your clients' expectations. Twin Eagles Dometic's wide assortment of outdoor cooking solutions offers everything you need to get the job done.

Our relationship could help {{Company}} boost property value and buyer appeal, but I understand we need to go over the fine details first.

**Architecture & Design**

{{Company}} does a great job designing indoor-outdoor living spaces - but what happens when it's time to find visually appealing cooking solutions to finish your projects?

For over two decades, Twin Eagles Dometic has helped architecture and design firms elevate their outdoor living spaces with luxury, design-forward appliances.

Our relationship could help {{Company}} impress even the hardest-to-please clients, but I understand we need to get into the fine details before going any further.

**Hospitality**

Customers come to {{Company}} searching for exhilarating indoor and outdoor experiences. But how are you sourcing those high-performance cooking solutions for your outdoor kitchens?

Twin Eagles Dometic is a leading provider of commercial-grade outdoor grills, Teppanyaki griddles, and power burners. As a result, countless chefs have the top-tier tools they need to keep the positive reviews (and guests) rolling in.

Just wanted to send you a message and see if {{Company}} might be interested in checking this out.

**Real Estate**

A recent study showed how over 70% of real estate professionals anticipate a growing demand for outdoor living enhancements. Is {{Company}} ready to modify your properties to meet these demands?

For over two decades, Twin Eagles Dometic has engineered luxury outdoor cooking solutions for residential applications across {{State}}. From gas grills to pizza ovens, you can customize your properties depending on the trends.

Our relationship could help {{Company}} impress even the hardest-to-please prospective buyers, but I understand we need to get into the fine details before going any further.

**Landscape & Site Development**

{{Company}} knows how to keep a site looking pretty. But how often does the weather force you to replace your outdoor appliances?

Twin Eagles Dometic provides high-end, durable outdoor kitchen solutions that help developers create long-lasting, value-added spaces that require minimal upkeep. Built with 304 stainless steel, companies like Garden Studio Design rely on our grills, outdoor refrigerators, and beverage centers designed to withstand harsh weather conditions.

Our relationship will help {{Company}} seamlessly integrate attractive tools into your landscape designs, impressing your hardest-to-please clients while cutting costs in the long run.
