

There's a Hero in You, Too

At Children's Healthcare of Atlanta, we see incredible acts of strength and courage each and every day. From the first steps taken after an accident to the last treatment after a long course of therapy, our patients continuously rise to the occasion.

It is these overwhelming displays of bravery and resilience that inspire the rest of us to rise to the occasion, too. Parents who remain positive in the face of uncertainty. The doctors, nurses and providers who never settle for anything less than high-quality care. And the thousands of community members like you who support our efforts to help give kids the treatment they need and the care they deserve.

Cape Day is our opportunity to come together to recognize our inspiring superhero patients, but also honor the countless others who go above and beyond to care for Georgia's kids. Not to mention have a little fun! We hope you'll join us to help make Cape Day 2020 the best yet!

Your Cape Day 2020 To-Do List:

- Mark your calendar for Friday, October 16
- **Purchase** and pick up your commemorative 2020 Children's cape, or sponsor one for a patient
- Take a photo or make a video of your cape-wearing crew and share on social media with #CapeDayATL
- Participate in one of our **virtual Cape Day activities** beginning Monday, October 12
