

Note: This email was taken out of its Marketo template, which contained internal marketing information. It's part of an email campaign to encourage customers and prospects to attend Microsoft Ignite, a virtual conference. Email invitations for the conference had already gone out. This second email in the series was meant to encourage conference attendees to seek out Poly at the conference and book a demo of the company's Microsoft Teams-certified solutions.

SAY GOODBYE TO POOR-QUALITY AUDIO AND VIDEO; SAY HELLO TO POLY

Today's workplace offers more flexibility than ever. Many people can choose where and how they'd like to work, whether in the office, at home, or in a combination of both. But when you're dealing with fuzzy video and distorted audio, virtual collaboration can be a major pain.

Poly can help. Our leading Microsoft Teams-certified solutions give you the clear, high-quality connections that make remote and hybrid working a snap. With beautifully designed and engineered audio and video products, Poly delivers amazing Microsoft Teams experiences, wherever you are.

Whether you're a business worker, a professor, a medical doctor or a student, Poly solutions will keep you looking and sounding great, so you can connect with confidence. Trust Poly to help you face your most critical conversations—and get things done.

Want to learn more? Book and attend a demo tour with one of our experts and enter for a chance to win a Poly P5 and a Teams-certified Voyager headset.

It's a virtual event you won't want to miss. Join us at Ignite and find the conferencing solutions you need to succeed.
