What seniors have to say about Flip

The service I received was swift and efficient, customer service is very helpful, and they explain things very clearly. My connection has been good from day one, never had any dropouts, and the speeds have never dropped below my monthly plan. I would recommend Flip to anyone having trouble with their internet provider.

Annie M was outstanding with her assistance in understanding the issue that had occurred and in resolving it promptly. Very impressed by the customer service she offered, and her prompt resolution is the reason I stayed as a Flip customer.
