Sunday Edition | AM

Good morning Member

Happy Easter Sunday, members! Whether you're still in your pyjamas or heading out with the family I hope you're soaking up every moment of this long weekend. As for me? I've been making a serious dent in our chocolate stash while preparing for a laid-back lunch with my loved ones later. But I know not everyone gets to spend this day with family or friends—and if that's you, I want you to know you're not alone. We're right here with you. 😊 And, of course, we're one big family here, so don't hesitate to [pop into the forum, say hello, and connect with the rest of our members](#). On that note, I wanted to share a beautiful quote shared by member @kwazi:

'Nothing is permanent in this world, not even your troubles.' -
Charlie Chaplin

If today feels quiet or even a little heavy, [let this be a gentle reminder that tough moments don't last forever](#). Things shift, seasons change, and brighter days do come. [Got a quote that's helped you lately? Share it with us here](#). Now, what happened in Australia and beyond this week?
