

# The Black Man in AmeriKKKa

By Endia

The black man in AmeiKKKa  
The land of the free  
The black man in AmeriKKKa  
The land of defeat

Don't talk back  
You don't have any rights  
Don't you see nigger  
You won't win this fight  
I'm white so I'm right  
Follow me,  
I'm your guiding light  
Don't get too smart though  
Because then we'll have a problem  
I'm quick with the trigger finger  
And that's how I'll solve them  
Fuck your feelings  
I don't care if they'll miss you  
I'll get off scotch free  
Here, give your mom some tissues  
I'll do the same to your auntie,

Your kid, to you all!  
FUCK BLACK LIVES MATTER  
I want to see you all fall  
At the end of the day  
I'll get up and stand tall  
I'll put on my badge  
That says to protect and serve all.

The black man in AmeriKKKa  
The land of the free  
The black man in AmeriKKKa  
The land of defeat
