Best Xbox Series X deals: consoles, games, accessories and more

By Elizabeth Henges 12th March 2021 Facebook Twitter Reddit

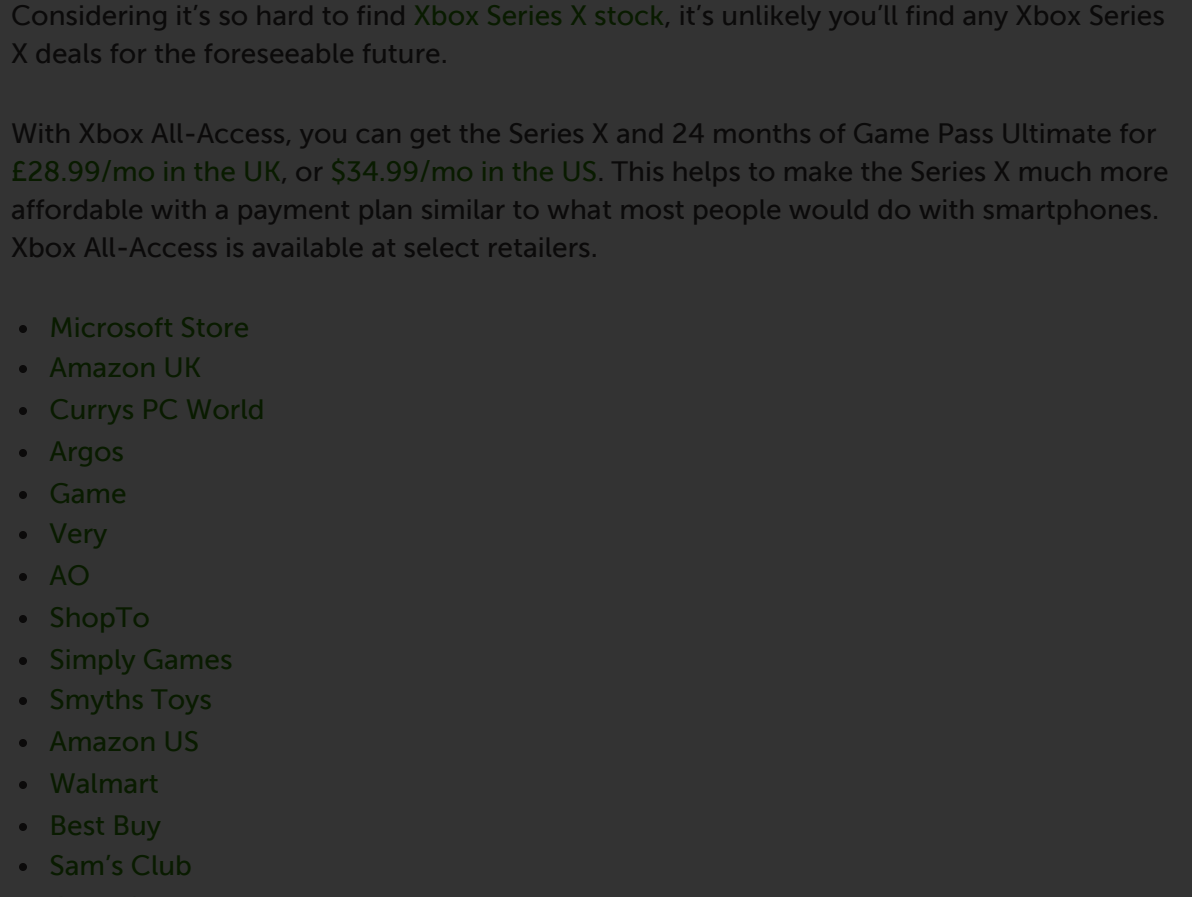

The Xbox Series X and Xbox Series S are here! While Microsoft's consoles have been facing the same stock issues as the PlayStation 5, recent restocks have been looking favourable for both consoles. As such, we've compiled a great list of where you can check for the latest Xbox Series X deals and Xbox Series S offers, including bundles, games, accessories and plenty more!

There have been regular stock updates for both the Xbox Series X and Xbox Series S throughout the year, so check back often for the latest announcements! You can be sure that when stock stabilizes, there will be Xbox Series X bundles and deals to take advantage of. Maybe we'll see something by Prime Day 2021?

Anyway, whether you're still looking for the console or looking to deck out your new system with games and accessories, we have everything you're looking for below!

Where to buy the Xbox Series X?

Looking to jump into the latest generation of gaming and everything it has to offer? You'll want to go with the Xbox Series X. This is the more expensive of the two options at \$499.99/£449.99/€499 and offers 4K gaming without the need to build a powerful PC. Considering it's so hard to find Xbox Series X stock, it's unlikely you'll find any Xbox Series X deals for the foreseeable future.

With Xbox All-Access, you can get the Series X and 24 months of Game Pass Ultimate for £28.99/mo in the UK, or \$34.99/mo in the US. This helps to make the Series X much more affordable with a payment plan similar to what most people would do with smartphones. Xbox All-Access is available at select retailers.

- Microsoft Store
- Amazon UK
- Currys PC World
- Argos

- GameStop

Where to buy the Xbox Series S?

Don't need a disc drive or 4K capabilities? You can save some money with the Xbox Series S! At \$299.99/£249.99/€299, this is the more affordable console for sure. It's also perfect if you're planning on sticking with Game Pass for the generation, as you won't need to worry about the lack of disc drive!

Finally, with Xbox All-Access, you can get the Series S and 24 months of Game Pass Ultimate for £20.99/mo in the UK, or \$24.99/mo in the US. The Xbox Series S is already pretty affordable, with a similar price to the Nintendo Switch, but this makes the barrier to buy even lower! Xbox All-Access is available at select retailers.

Best Xbox controller deals

If you've got your Xbox Series X, your next accessory purchase is probably going to be a second controller! The new Xbox Series X controller, also known as the Xbox Core Controller, may look similar to the last generation's offering, but the textured grips and other small changes make it worth picking up.

In fact, if you're still waiting on grabbing your console, the Series X and S controller is also great for PC! As it connects through Bluetooth, you'll just need to make sure there's a compatible adapter installed in your PC or laptop! There have already been deals on some colours of these controllers, by the way, so check it out!

UK Xbox Controller deals:

- Xbox Controller: Carbon Black – £49.00 at Amazon UK

- Xbox Controller: Robot White – \$49.99 at Walmart

Don't forget about the Xbox Adaptive Controller! This special controller is different to most gaming more accessible to everyone and works with a wide range of created devices for a customizable experience. There aren't typically any deals on the Xbox Adaptive Controller, but you can order them below.

- Xbox Adaptive Controller – £74.99 at Microsoft
- Xbox Adaptive Controller – \$99.99 at Microsoft

Best Xbox accessory deals

Of course, the Xbox Controller isn't the only accessory you'll want for your new console! Perhaps you might want the expensive Storage Expansion card or an Xbox external hard drive to bring over your games from last-gen. Or how about the new Xbox Wireless Headset? Whatever you need, you can find it below! Not everything's on sale, but you can always bookmark this page for when they do fall in price!

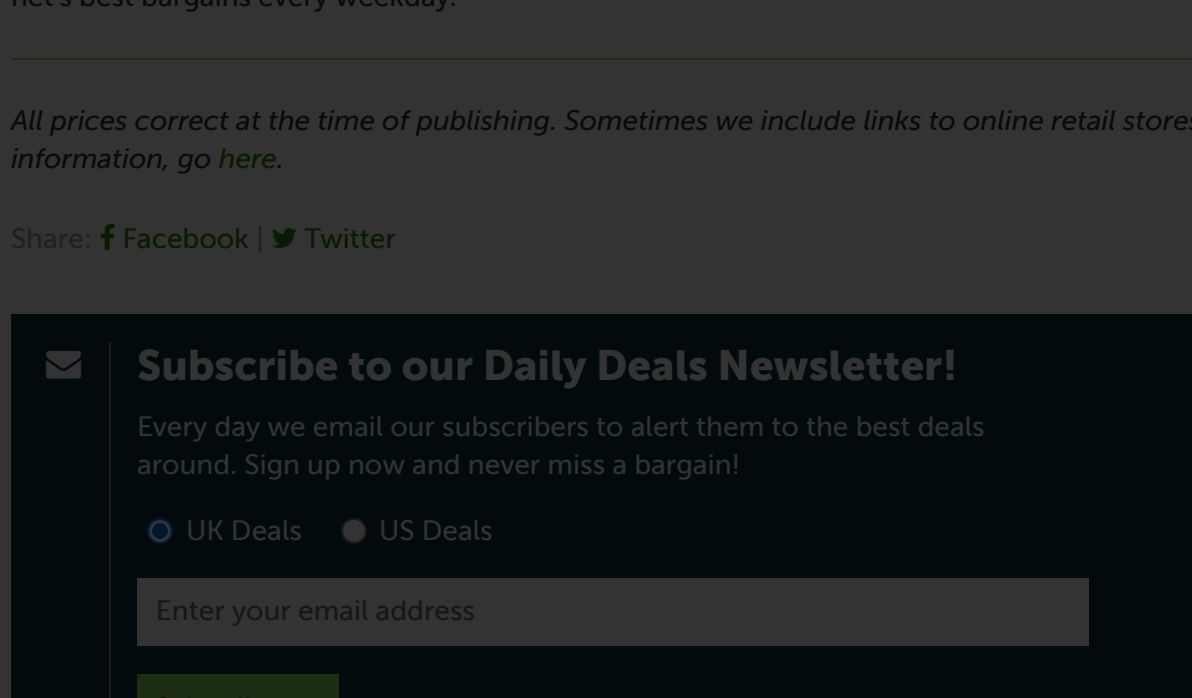

UK Xbox Accessory Deals:

- 1TB Seagate Storage Expansion Card for Xbox Series X/S – £196.70 at Amazon UK
- Xbox Wireless Adapter for Windows 10 for E21
- Xbox Wireless Headset – £89.99 at Amazon UK

- Xbox Wireless Headset – \$99.99 at Target
- Microsoft Xbox Series X/S Play & Charge Kit – \$49.99 at Amazon US

Best Xbox Game Pass Ultimate deals

Anyone that knows their stuff about Microsoft knows that the true value they provide is in Xbox Game Pass Ultimate. Typically \$10/£8 a month, Game Pass Ultimate gives users access to over 100 games on their Xbox consoles, PC, and (soon to be) Android. Game Pass even typically includes day-one releases for select Microsoft titles, and on its own, it's an incredible deal!

Of course, if you're savvy, you don't need to pay full price. Microsoft themselves offer three months for \$1/£1 to get you started with the service if you're a new subscriber – and from there you can take advantage of more Xbox Game Pass Ultimate deals!

While some retailers occasionally have deals on Game Pass Ultimate, your best money-saving bet is to convert EA Play time to Game Pass Ultimate. EA Play recently became a part of the service, and one year of the service converts to four months of Game Pass Ultimate. Since a year of EA Play is just \$30, you're getting 50 per cent off!

UK Xbox Game Pass Ultimate Deals:

- Game Pass Ultimate 3 Month Subscription – £1 at Microsoft

US Xbox Game Pass Ultimate Deals:

- Game Pass Ultimate 3 Month Subscription – \$1 at Microsoft
- EA Play 12 Month Subscription – \$30 at Amazon US

Xbox Live Gold is Microsoft's other service, and perhaps the one most comparable to PlayStation Plus. Xbox Live Gold allows you to play online with friends, get free games, and gain access to exclusive discounts. However, Xbox Live Gold is included in Game Pass Ultimate, so there's not much of a reason to buy Xbox Live Gold separately.

What is the Xbox Series X and Xbox Series S?

The Xbox Series X and S are Microsoft's latest consoles. They continue along the lines of the Xbox One S and Xbox One X to provide players with a multitude of console and multimedia experiences.

If you're interested in deep dives into the consoles, check out Digital Foundry's reviews of the Xbox Series X and Xbox Series S.

Both of the Xbox Series consoles play the same games. The Xbox Series X is able to play the games natively in 4K, while the Series S only upscales them – something to keep in mind!

Xbox Series console specs

Unlike the PlayStation 5, the Xbox Series S and Xbox Series X have different specs. This isn't just a case of a lack of a disc drive! You can read up on the differences over at Eurogamer.

The gist is, though, if you have a 4K TV, or are planning to upgrade within the next few years, you might just want to spend the extra money on the Series X.

Is the Xbox Series X/S compatible with older Xbox titles?

Yes! With some exceptions, games from the original Xbox, Xbox 360, and Xbox One are able to be played on the Xbox Series X or S. You can search Microsoft's backwards compatibility list to make sure the games you want to play will work on the new consoles.

And that about does it for all the best Xbox Series X deals currently available. Be sure to check in regularly for all the latest offer and give the Jelly Deals Twitter a follow for all the net's best bargains every weekday.
