Ahh... summer has finally arrived!

While this sunny season offers longer days and warmer weather, it can also be a tough time for your pets. From swimmer's ear to tick bites, summer poses its own set of problems. But, have no fear! You can help your pets stay healthy and avoid seasonal hazards by doing the following:

- Give double-coated dogs a summer trim. You can achieve an attractive and even cut with a WAHL® Basic Pet Clipper Kit.
- Care for your pet's hair by brushing it every day. A bristle brush or slicker brush will remove matted fur and tangles with ease.
- For aquatic-loving dogs, remember to clean their ears after they exit the water. You can prevent bacterial buildup by rinsing and applying Pro-Sense® Liquid Dog Ear Cleanser to their inner ears.
- Make bath time a priority for your pet. With some shampoo and delightful doggy fragrance, you can help your canine's coat stay sleek and shiny.
- Trim your pet's toenails every two weeks with a Masterpaws® Nail Clipper and File Set. Regular clipping will alleviate strain on your dog's joints and lessen the likelihood of premature arthritis.

Don't let potential pet problems ruin your exciting outdoor adventures ever again! At Menards®, we've got everything you (and your pets) need to enjoy the dog days of summer.
