BUILDING PARTNERSHIPS

We make it easy to do business!

The Right Choice

For over 55 years, we have set our standards high by providing excellent service and a wide selection of quality products online and in our stores. We strive to offer the latest and greatest products at the best prices. And, it all starts with great relationships with our Vendors. Created through effective communication, these partnerships make it easy for business to flourish.

In partnering with Menards®, you are able to present your products to a wide audience as they are placed in our stores (300 and counting). We employ motivated and hard-working Team Members to sell your products. We think of this as a Partnership, not a Vendor-Supplier relationship. You supply great products, and we'll back it up with great marketing and merchandising.

Distribution & Coverage

As part of our distribution system, your goods will be dispersed throughout the Midwest, by direct-store shipments or through a state-of-the-art distribution center.

Merchandising

Menards® merchandising combines self-service shopping with assistance from knowledgeable Team Members, giving Guests the ultimate shopping experience. With our impressive 240,000-square-foot stores, we are unmatched in our ability to accomplish seamless selling. We specialize in home improvement, but we don't stop there.
