LP SMARTSIDE

INSTANT CURB APPEAL WITH OUTSTANDING STRENGTH

Prefinished factory siding and trim with PPG Machine Applied Coatings allows for instant curb appeal with limited to no on-site finish coating needed for your home to come to life. Fiber cement and engineered siding and trim's innovative composition creates extreme durability, and the contoured coating process creates a uniform finish for installation. This offers homeowners an outstanding alternative to the frequent maintenance and upkeep costs experienced with wood, ready-to-finish, and vinyl siding.

- Excellent strength and impact resistance
- Durable finish that provides long-lasting color
- Resists moisture damage, will not warp, rot or delaminate
