ABOUT THIS PROJECT

“I THINK ISLAM HATES US.”

– DONALD J. TRUMP

Hate speech has ugly consequences: In the past few years, anti-Muslim incidents and hate crimes have risen to unprecedented rates — they’re higher now than they were post-9/11.

Anti-Muslim sentiment is especially rampant on social media. Any time I’m vocal online, I almost always receive violent, disgusting tweets.

I decided to turn the hate into positivity and art, so I created this two page poem using only words from the hate tweets I’ve received.

Following the poem, you’ll find screenshots of all the tweets used/considered in the making of this project.

*With Love,
Azmia *
