

50,000 Reasons to Love Avista

When it comes to compassionate care and the expertise that moms and babies need, there are more than 50,000 Reasons to Love Avista.

A Milestone Delivery

The New Life Center at Avista Adventist Hospital recently delivered its 50,000th baby.

To put this achievement into perspective, 50,000 babies is more than double the population of Louisville and almost enough babies to fill every seat at Coors Field. We are grateful to all the extraordinary moms who helped us reach this milestone. It's been a privilege to safely welcome 50,000 babies into this world. We look forward to the next 50,000 deliveries.

Win a Newborn Photo Session

Avista Adventist Hospital is excited to feature some of our beautiful newborns throughout our year-long celebration. We're asking moms to share what's important to them in a birth center and why they love Avista's New Life Center. Mothers who submit their statements will be entered in a monthly drawing for a chance to win a newborn photo session with Avista's dedicated New Life Center photographer Brittany McLachlan. Brittany, in addition to being one of Boulder County and North Metro Denver's most in-demand and talented photographers is also an Avista mom. Photos of our monthly winner will be featured on our website, Facebook and Instagram.
