Do you feel like your bladder is controlling your life? If you are making 10, 20 or even 30 trips a day to the bathroom - it's too many visits. The average woman makes 4-7 trips a day. We can help. 90 percent of bladder and pelvic health issues can be treated through lifestyle changes, therapy and surgery. To learn more about how we are helping women, visit the Avista Pelvic Health Center at <http://www.avistahospital.org/AVH/Specialties/Pelvic-Health/>

Lois is such an inspiration to us. After being diagnosed with pelvic prolapse - a devastating and life altering condition that occurs when a woman's bladder drops - Lois refused to settle for a life that was second best. Lois had seen multiple doctors who had told her she would need to self-catheterize for the rest of her life. After crying for a month straight, she decided to get another opinion and was referred to Dr. John Joyce, a urogynecologist, who was able to surgically repair her bladder and give Lois back her active life. To learn more about how the Avista Pelvic Health Center is giving women back their lives, visit www.avistahospital.org/AVH/Specialties/Pelvic-Health/

It's estimated that one out of every three women will experience some form of pelvic pain or dysfunction. Pelvic health disorders affect women of all ages and while they become more common as women get older – they are not a normal or acceptable part of aging. At the Avista Pelvic Health Center, we understand that these conditions can be embarrassing and interfere with your quality of life, but they don't have to...to learn how we can help, visit www.avistahospital.org/pelvichealth

Adult diapers have become a booming business. It's estimated that \$1.5 billion is spent each year on adult diapers in the United States for urinary and bowel incontinence. Within 10 years, sales of adult diapers are projected to outpace the sale of infant diapers. It doesn't have to be this way and it shouldn't. The vast majority of pelvic health conditions can be successfully treated. To learn how we can help, visit www.avistahospital.org/pelvichealth.
