Editors' Review

www.cbletcher.com

"Carmen is an Excellent Writer, She has written great posts for Breath Of Life Daily Online Journal that has really ushered in visitors to the site. She has a great eye for strategy. Her ideas are on point, and she's willing to contribute to the organization anywhere she sees a need. I'm really glad we both crossed paths. Her talent as a Writer, coordinator, and strategist is tremendous!"

April D. Byrd, Breath of Life Daily

"Carmen is an incredibly dedicated employee and writer. I have had the extreme pleasure of having her in my employee for the last year and from the moment we met I knew Carmen would exceed my expectations. She is motivated and task driven which has helped Ms. Nix in the Mix to become more successful over the course of the last year - taking her from a staff writer to the brand's Chief Operating Officer. I am honored to have Carmen as my right hand; I am eager to see her talents take her to new levels as a journalist."

Nicole Cotton, Ms. Nix in the Mix

"Carmen is an amazingly talented writer who does a great with accomplishing a specific task while adding her own creativity. She's very receptive to constructive criticism and consistently develops her craft. It was a pleasure to work with Carmen and I will continue to do so."

Garron Gibbs, Concrete Cakes

"Bold and blooming Carmen made the huge decision in 2009 to share her testimony within my second book, Super Singles Activate! Testimonies to Inspire and Uplift the Single Woman, which was published in 2010. I value her willpower to tell her life story. She creates connections with each reader that encounters her work. Whether a manuscript, chapter, or online article, all readers will be drawn toward her captivating writing style."
