Jeremih

SINGER | SONGWRITER | ACTOR

From the Southside of Chicago born and raised Jeremih is a self-taught instrumentalist of several instruments. Even then he didn't consider himself a vocalist until a warmly received college talent show performance. While attending Columbia College he struck a partnership with fledgling producer Mick Schultz, and the two closely collaborated on the material that became Jeremih's debut album. Till this day the rewards of "Birthday Sex" are still flowing in, his RIAA platinum #1 debut single of 2009. Not to mention the 186 million YouTube views and counting.

"In 2009, Jeremih released his debut single, Birthday Sex, and the song peaked number 4 on the US Billboard Hot 100."

Currently Jeremih is working on his 4th studio album to be released 2021. He doesn't stop there, Jeremih is expected to star in STARZ hit series "Power" along side actor Joseph Sikora, better known as Tommy Egan.
