Antarctica's White Wilderness

Argentina: Buenos Aires, Ushuaia, Tierra del Fuego National Park

Antarctic Expedition Cruise: Beagle Channel, Drake Passage,
Antarctic Peninsula Region, South Shetland Islands, Anvers Island

Zodiac cruise, Antarctica

Trip Highlights

- **Step aboard your Zodiac craft to get close to wonders off Antarctica's shores, including Weddell seals on ice floes, skua seabirds wheeling overhead, and massive white-blue icebergs in a fantastic array of shapes.**
- **Walk in the footsteps of Ernest Shackleton and the other bold explorers from the Heroic Age of Antarctic Exploration when you first step upon the seventh continent.**
- **Meet one of Antarctica's friendly locals—the penguin. Watch as they waddle about, slide down hills on their bellies, and gather stones for their nests.**

Penguins at Neko Harbor

Itinerary Summary

- **31 meals: 12 breakfasts, 9 lunches, 10 dinners (complimentary house wine, beer and soft drinks onboard ship)**
- **12 nights' accommodations: 2 in Buenos Aires, 1 night in Ushuaia, and 9 nights onboard**
- **3 included guided tours; daily Antarctic activities including Zodiac cruises and landings (weather permitting) and lectures and discussions with your Expedition Team and Trip Experience Leader**

Itinerary Summary (cont.)

- **Exclusive services of an expert O.A.T. Trip Experience Leader**
- **All port charges and handling fees included**
- **All shore excursions included**
- **An O.A.T. parka as a gift**
- **Rubber boots will be provided during the voyage**

Neko Harbor, Antarctica

Physical Requirements

- **Walk 3 miles unassisted on uneven terrain and participate in 6-8 hours of activities each day,**
- **Good agility, balance, and strength are needed for this expedition. Unlike traditional cruises, you will board Zodiac boats daily.**
- **Experience a Drake Passage crossing over the course of 4 days where rough seas and constant ship motion are common**

Antarctic Peninsula Region

Physical Requirements (cont.)

- We require medical forms be signed and stamped by a doctor, as well as medical coverage and emergency evacuation coverage of at least \$500,000 each.
- Travelers will be a two-day distance from the nearest medical facility. Those using mobility aids or with medical conditions that may require immediate attention or evacuation will not be able to board.
