Experience Champlain College

Learn about our award-winning facilities and education—right from home.

We'll get right to the point: Staying at home, as much as possible, is still what's best for our communities.

Vermont's numbers have been some of the lowest in the country, and we're grateful to have

some of our students on campus this year. But, we're not sure yet when we'll be able to welcome visitors from around the state—and around the world—to our Burlington campus to experience everything that Champlain College has to offer.

However, social distancing doesn't mean we can't still be social. We're constantly working on new ways to connect, and we think you're going to like what we have to offer.

See Champlain campus highlights in our virtual tour

Our choose-your-own-adventure virtual tour makes it easy to get a closer look at some of our favorite spots on campus—like the Aiken Green, the Game Design Lab, our stunning residence halls, and choice rooftop views of the lake—from anywhere.

Attend a Virtual Event

Champlain College was one of the first schools to pivot to virtual events when campuses closed. We love connecting with students on their college search, and our virtual events like Open Houses, game nights, and Q&A sessions have made it happen. We'd love to "see" you!

Sign up for a Virtual Info Session

Typically, on any given weekday, we'd have excited students and their families visiting the campus for Information Sessions. When we had to close our doors to visitors, we quickly put that entire experience online. Signing up for a Virtual Information Session is fast, easy, and the best way to learn what you want to know about Champlain.

SO GREEN

Champlain has been recognized multiple times in The Princeton Review's *Guide to Green Colleges*. Currently, we're ranked #25 in the country.

THE BEST

Fiske Guide to Colleges 2021 selects Champlain as one of the "best and most interesting schools" in the United States, Canada and Great Britain.
