Financial Aid Webinar

Scholarships and deadlines and loans—oh, my!

Merit scholarships? Parent Plus loans? Deadlines? If you're lost in a sea of financial aid

questions, we've got a webinar for you.

Join Champlain College Financial Aid Director Gregory Davis on Wednesday, December 1 from 6:30–7:30 PM ET for an informative session on financial aid and paying for college.

As a parent who recently went through the college admissions process with his first child, Greg learned what it's like from the other side of his table. He'll share his insider's perspective on what parents (and students) should know and ask about affordability and availability of aid.

You'll be able to learn from an expert, ask all your questions, and leave feeling ready for the financial aid decisions in front of you.
