Bill and Hillary Clinton National Airport has received the Certificate of Achievement for Excellence in Financial Reporting five times and is preparing to submit for its sixth award through the Government Finance Officers Association (GFOA). Recently, BKD assisted the airport with its Annual Comprehensive Financial Report by leveraging **BKD's Public Sector Reporting Solutions**, a user-friendly platform that allows multiple users to work on different sections of a report simultaneously. Bill and Hillary Clinton National Airport had a smooth experience with the process and complied successfully with significant deadlines and requirements upon submitting to GFOA.

“One of the deciding factors going with BKD was the experience with airports. And so, as things come up, we worked closely with the local BKD staff to answer those instead of waiting for the audit to address those.”

“One of the issues where BKD has helped was our annual reporting using the reporting solution or TRS to help with meeting the deadlines and requirements for GFOA.”
