

Rea Vianica C. Sampaga

Grade 12A-St. John the Evangelist

Poverty is a common issue in the Philippines, in which many Filipinos suffer to get their basic needs such as food, shelter, and clothes. In this time of the pandemic, the percentage of poverty in the Philippines increases due to economic disruption. Some people live in the slum areas or under the bridge, so they face surreal barriers. To deal with poverty, the government and its citizens must get involved or give their support.
