

## Celebrating Julie Henningfield

This team showed another great example of "partnering to win" for a recent effort for COTA (Central Ohio Trans. Authority) and, bonus, we won the business! With only a week to turn around Finalist materials for one of our very first in-person sales meetings, this team created custom work that infused our new Value Proposition for CSBD. This effort not only brought in more business for Anthem, our clients said "A lot of the feedback from the group was how great our presentation was." Congrats!!
