### **TAGLINE:**

From Servers to Soundcheck  
DISCOTECH

---

The next big thing doesn't have to be a worldwide phenomenon.

It could simply be a service at your fingertips.  
A service that's unheard of... well, *maybe that's a bit of a phenomenon.*

Introducing the newest service to hit the web.  
Catered to musicians with assistance that still fits everyone's needs.  
From servers to soundcheck,

We are DISCOTECH.

Tech support for musicians.

---

**POST TWO:**

From Servers to Soundcheck  
**DISCOTECH**

Made for sound and tech all around, DISCOTECH provides service to musicians, singers, djs and more. If you count yourself as a part of the music industry, you can count on us to provide support for any number of technical problems that arise in your production.

Sound Tech for Sound Check

So that you can get right back to making the beautiful music you were made to create.

---

**POST THREE:**

Fancy yourself a musician or just a guy with a computer that needs fixin'? Lucky you, we do it all. So, go ahead and give us a call!

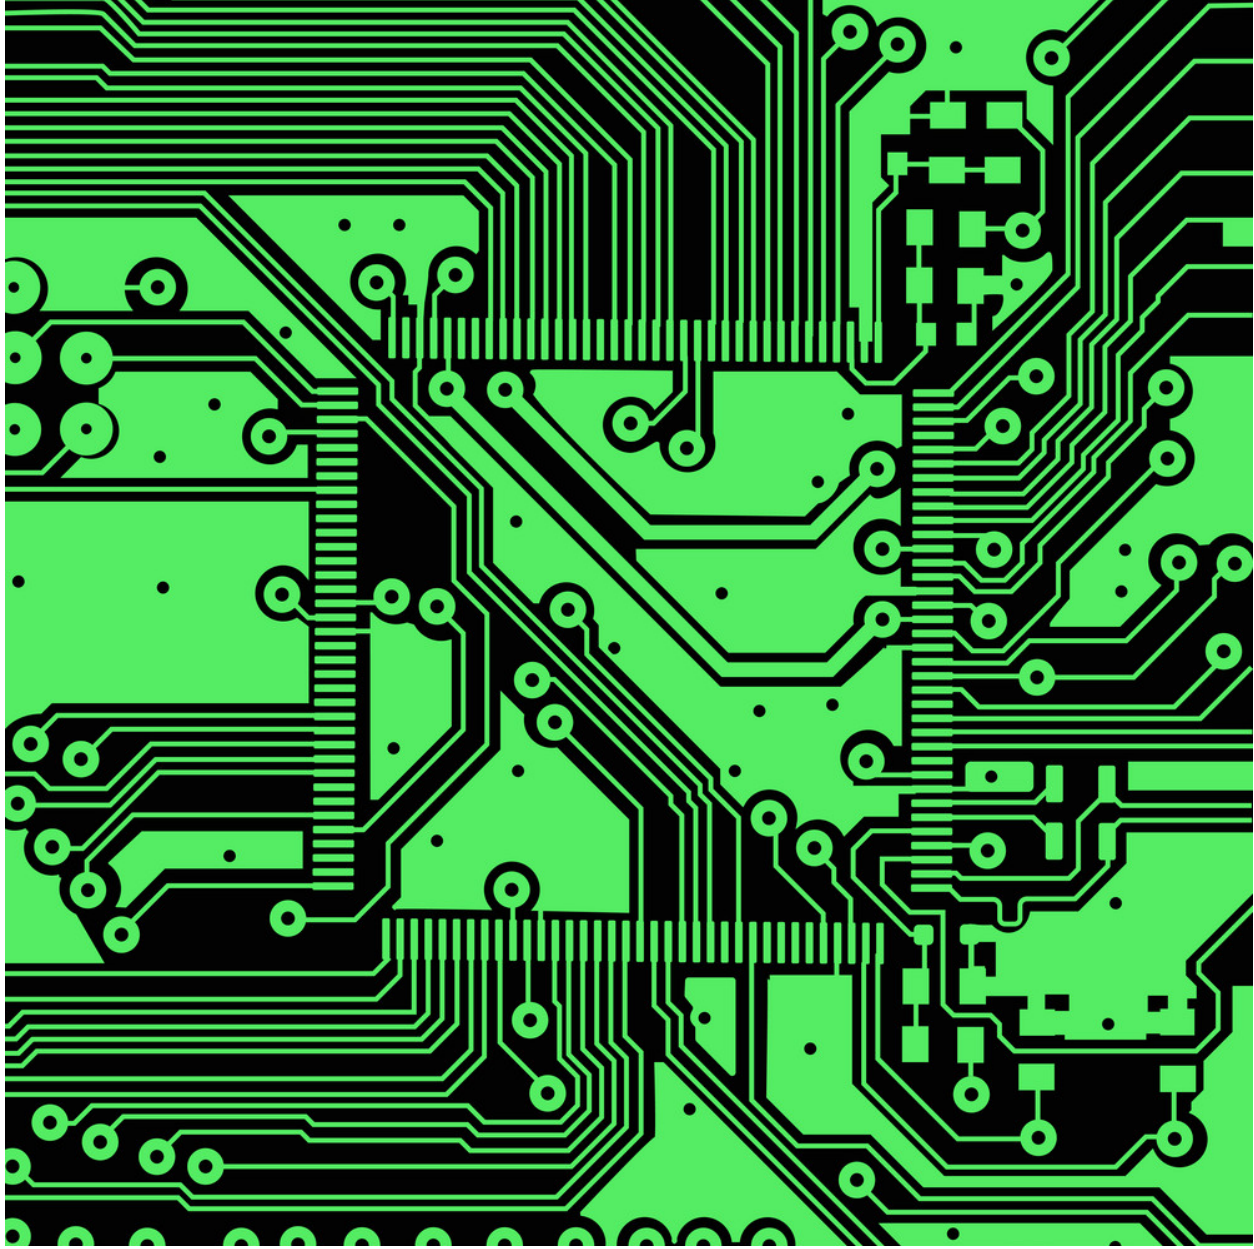

From Servers to Soundcheck
