Brussels, Belgium

Professional Profile

Team player with a huge security expertise and audit experience. Driven by the professional and personal ethic, my ambition it has to leave a footprint doing business transformation in the new digital world. My passion it has to develop security policies/procedures and execute corporates plans with local teams/suppliers. Continuous improvement in the protection of personal, information and assets, due to the high standards that I used to use with the Argentine Army, United Nations and in Securitas.
