A Meeting With Meaning: Mentor a College Student

Friday, December 4, 2020 • 10:00 am on Zoom

Give one hour. Make a lasting impact.

Help make a difference in the life of a CUNY Hillel student by being a mentor. UJA Professional Women is bringing together female students and professional women for this one-on-one virtual mentoring session. **You'll be an encouraging partner to an upper-level or graduate student by offering career advice and sharing your experiences in the workplace.**

In addition to mentoring, you'll score some practical advice for yourself from a panel discussion about career development and hear the latest on what UJA-Federation is doing to meet today's challenges in these uncertain times.

Mentors and mentees will be paired based on students' intended careers.

This event welcomes donors who give a gift of \$1,000 or more, individually or as a family, to UJA's 2021 Annual Campaign.
