## EXPERIENCE

Duncan Public Schools, Duncan OK— *High School English Teacher*

August 2019- PRESENT

- As a Teacher, I create lesson plans that are both instructional and engaging for all my students. I am able to identify each child's learning style and manipulate my lesson plans to benefit all. Technology is an integral part of my instruction, and my classroom uses it to solidify learning. I frequently communicate with parents, administrators and IEP specialists to facilitate the best expectations for each child. .

Comanche Nation Higher Education, Lawton OK — *Outreach Coordinator/GED Instructor*

December 2017- June 2019

- As an Outreach Coordinator, I was responsible for planning events and maintaining outside relationships with other tribes, tribal members, and state representatives. The main events and programs I planned, organized, and participated in the seasonal S.T.E.A.M Camps, Research Day, Graduation Banquet, College and Career Fair, and Parent Information Night.
- As an Instructional Assistant, GED instructor, I taught students of all ages in the areas of writing and reading. I also evaluated and tested students, either formally or informally to determine if the students were progressing. As an instructor, my main purpose was to help students improve their critical thinking, problem-solving, information processing, and communication skills.

Hillary Communications, Lawton, OK- *Production Assistant*

2016-2017

- As a Product Assistant, I assisted in contacting sources, relaying information to the editor, interviewing community members, writing the sports page and community events for production, coordinating with members of staff.
